

|                         |  |
|-------------------------|--|
| Optical fiber           | Step Index multimode                             |
| Wavelength range        | UV-Vis-NIR (190nm-1250nm) Vis-NIR (400nm-2400nm) |
| Fiber core diameter     | 50um up to 1000um                                |
| Numerical aperture      | Na.: 0.22  |
| Feedthrough connections | Female SMA sockets                               |
| Feedthrough material    | Body Stainless Steel 316L (1.4401)               |
| O Ring material         | Viton "FMK"                                      |
| Leak tested             | 1.0E-9 mbar l/s                                  |
| Operating temperature   | -20°C to 100°C                                   |
